Politician Foresees a Red Hot Sheriff Race with John Miller vs. Jim Long

By POLITICUS

Taking a look at the election lineup for sheriff, you might conclude that "it could only happen in Contra Costa."

For months it looked like a darn good race with at least one — and perhaps two — good, clean candidates campaigning for the lucrative job against the incumbent, James "No Comment" Long.

A sizable group of residents interested in honest government had high hopes that — at last — THIS was the year.

"But," as an observer points out, "perhaps we were naive — or more likely, we just underestimated the opposition."

OUT-OF-THE-RACE

Anyhow, when the filing period closed, the two "white hope" candidates who possibly had a chance weren't even running.

Fifteen minutes before filing deadline, former sheriff John M. Miller tossed his hat in, making him the major opposition to Long. "Also running" are Fred Nettles on a legalize gambling platform and M. F. Slater of Pleasant Hills. Slater told this writer that he entered the race because he was tired of seeing the guys in power returned to office election after election without opposition.

(Incidentally, Politicus intends no reflection on the integrity of Nettles or Slater in this story. At this time, they appear to be only minor candidates.)

IN THIS CORNER . . .

So, it's Miller vs. Long. "Doesn't give us much choice, does it?" one voter sighed the other day, as he reviewed the many reported stories about Miller's activities when he was sheriff.

"Yes, but at least we'll have a rough, tough fight between the ins and outs," answered another. "Even if it is a choice between evils, I'd like to see the entrenched mob turned out."

FIREWORKS COMING

Well, at any rate the campaign promises to be red hot, which is certainly a lot better than we've had in the past.

But what happened to the other fellows who were going to run? We don't know for sure but there are some mighty interesting stories floating about. Already printed are reports about Dick Richardson, Richmond constable who is not seeking re-election. Has been said that Dick will be given a good job in the county government and even may be our sheriff one of these days without even running.

(This indicates a future retirement by Long. If so, our own Supervisor Jack Cummings would be first in line for appointment as sheriff — with Richardson's reward coming later.)

Meanwhile, Richardson was granted a 30-day leave of absence from his job as constable and is vacationing out of the state.

CAPT. BELON

Capt. George Belon, head of the State Highway Patrol in the county, told this newspaper at noon of the final filing day that he was still undecided. He didn't file. The reason for this will be published as soon as we can get a statement from Belon. (He reviewed his reasons at a talk before the Contra Costa Press Club last Friday night but this was "off the record" and cannot be reported.)

A NEW NAME

One last note: it looks like our sheriff has acquired a nickname: He is being referred to as Jim "No Comment" Long.

That's right, he still hasn't commented on the gambling along the Strip that occurred over three months ago.

Bus Bids Opened, Action Withheld

Eastshore Line Charter Bus Service of Berkeley was low bidder when the Orinda School Board opened pupil transportation bids at a special meeting Tuesday evening.

Action on the bids was deferred by the board until it can make a comparison study of the quality offered by East Shore Lines and the Patchett Bus Company, the only other bidder.

There was a vast difference in the bids submitted. Eastshore submitted a bid of \$38,834.40 for transportation over a three-year period. This was in drastic contrast to the Patchett bid of \$66,000 for the same period.

For a five-year period the Eastshore Line bid was \$64,680. Patchett bid was \$100,000.

Bids for a basic rate of a 50 pupil unit were: Eastshore Line, \$520; Patchett, \$2,000.

In addition Eastshore Line submitted a bid of \$14,593.92 for one-year service and \$26,400 for a two-year contract.

There was no Patchett bid submitted for the one and two year periods.

Rotary Hears of Africa's Troubles

Montague Yudelman, University of California student majoring in agricultural economics, captain in the South African Air Force under General Jan Smuts during the war and member of a pioneer family that settled in Africa where they controlled large cattle ranching interests, presented an unusual talk on the "Dark Continent" at the Orinda Rotary Club meeting held Wednesday.

Speaking of the problems of Africa today, Yudelman drew a vivid picture of the unrest there, attributed mainly to the racial differences. He informed Rotarians that of the 10,000,000 people there, 2,000,000 are whites, 250,000 Hindus, 1,000,000 mulattos and 6,750,000 blacks, the latter classification covering the more advanced Zulus as well as the aboriginal tribes. The drawback presented by unsatisfactory languages which present an insurmountable barrier to understanding among many of the peoples was a leading factor in contributing to the difficulties met with there, Yudelman said, in concluding his talk.

CUB MEETING

Pack 32 will meet at the Scout Hut near the Park Pool Friday night, April 14, 8 o'clock, instead of Orinda Grammar School, where it is usually held.

Board Approves Moraga Sewers

Installation of sewers in Moraga del Rey, part of Moraga Woodlands and Moraga Midlands subdivisions has been approved by the directors of Central Contra Costa Sanitary District.

The establishment of Local Improvement District 17 was voted by the directors at their April 6 meeting.

John Mason, district engineer, estimates cost of the project will come to \$176,282.25. Of this \$32,000 will be paid by the sanitary district leaving a balance of \$144,282.25 to be assessed against property owners.

The \$32,000 to be paid by the district comes from funds already paid by the Moraga Company for extension of main sewer lines to the subdivision.

For complete details of the improvement district see the legal notice published elsewhere in this newspaper.

The sanitary district is also going ahead with plans for LID No. 21 for the Moraga-Glorietta area.

Residents of the area had asked the board to withhold action on the installation until April 6, to give private property owners a chance to see if the work could be privately financed.

However at the meeting residents said their efforts had failed, and the board decided to go ahead with its plans.

Contract for construction of a Moraga pumping plant was awarded John and Peter Artukovich on their low bid of \$22,946 submitted April 7.

Oakland Sewer Construction Co. was awarded contract for sewer installation trunk extension for the main trunk of Section 7 in Moraga on a low bid of \$24,192.20.

Tot Dies From Effects of Acid

Little three-year-old Anne Broadley, daughter of Mr. and Mrs. Francis Broadley, 39 Ardilla Road, died in Permanente Hospital Tuesday morning from the effects of soldering acid, accidentally swallowed.

The tot began crying Monday afternoon and Mrs. Broadley discovered a half-empty container of the acid on the floor.

She was rushed to the hospital where doctors worked for hours in an unsuccessful attempt to save her life.

Orinda Park Pool Membership Open

Persons wishing to apply for membership in the Orinda Park Pool and who have not received their applications through the mail may now secure applications at either Wright's Pharmacy in the Village or at Orinda Pharmacy at the Crossroads.

All applicants are urged to act immediately as April 15 is the deadline for both old and new Orinda residents. After that date the membership will be opened to all others who were members during the 1949 season, regardless of where they live.

Pot Luck Supper Planned by Group

Moraga Meadows Association will hold its annual pot luck supper for members only at the Carroll Ranch Club next Thursday, at 6:45 p.m., according to Allen Ayres, general chairman of the supper.

Reservations may be made with Mrs. James Van Sickle, Mrs. Arthur Weatherbe, and Mrs. D. E. O'Neal. A charge of 50 cents per person will be made at the door and tickets will be sold by Mrs. L. C. Davis and Dennis Koehler. Coffee will be served by Mrs. Frank M. Lyons.

Tom Mika, in charge of entertainment, promises an evening of singing and dancing.

STEVE IS SIX

Steve Miller celebrated his sixth birthday Wednesday with an after school party for a group of his friends. The children enjoyed home movies and refreshments. Steve is the son of the G. W. Millers of La Cascada.

LITTLE TOMMY LORD'S sophisticated magic and juggling routines will be among the many features of the mammoth Orinda Lions Magic Show to be staged Saturday night at Acalanes High School Auditorium.

Talent Galore at Lion Magic Show

Fun, thrills and mystery are all promised tomorrow night at the Orinda Lions Magic Show at Acalanes High School Auditorium. Starred in the two hour show is Steve Juhasz Shepard, master of all the top magical tricks and illusions.

Assisting Shepard will be little Tommy Lord with a sophisticated line of magic and juggling, Glenn Haywood, the "Wonder Boy of Magic and Ventriloquism," Tom Lord, the Street Faker, and Geoff Ley, and a cast of 13 others.

Illusions topping the bill will be the fabled "Indian Rope Trick," the Disappearing Birdcage and Alice in Wonderland.

Tomorrow night's show has had successful runs wherever it has played. One prime example of its popularity is its recent five-night "standing room only" run at the San Francisco Memorial Opera House.

The majority of tickets have already been sold but the Lions have taken great pains to make sure that some will be available at the ticket window of the auditorium.

Tickets are now on sale at Worden's Travel Agency at Orinda Crossroads, Simon's Hardware in Orinda Village, Lafayette Dime and Dollar and at Milt Brown's Tots and Teens Shop and Leo's Smoke Shop in Walnut Creek.

Lions Hold Ladies Night

Nomination of officers for the new term and a special "ladies night" program highlighted the dinner meeting of Orinda Lions held at the Orinda Willows Wednesday night.

President Karl Miller presided over the business session at which Lion George Hartzell, Sr., nominating committee chairman, presented the following panel of prospective officers: President, Don Hunter; first vice president, Al Meggs; second vice president, Walter Friberg; third vice president, Bill Worden; secretary, Rudy Rasmussen; treasurer, C. P. McVicker; board members, Bart McMahon, Wayne Littlejohn, Al Eberlin and George Hartzell, Jr.; tail twister, Tom Snow, and lion tamer, Roy Nason. Nominations will be closed at the next regular meeting to be held April 26, according to Bill Worden, publicity chairman.

The audience of Lions and their wives and ladies heard John Paul Edwards, retired, national president of the Fuchsia and Rose Society, describe ways to "Brighten Up Your Garden," with color and sound movies on roses and rose culture, also a feature of the program which was arranged by Stewart Wade. Mrs. Madge Dolio was awarded a camellia during the evening.

Date for installation of the new panel of officers has not yet been set, according to Worden.

Condon Says Hike For Wilson Must Wait Till January

County Superintendent of Schools B. O. Wilson will not get a raise at the special session of legislature now underway at Sacramento.

In a letter to the Contra Costa County Board of Supervisors, Assemblyman Robert L. Condon said legal counsel had determined that Wilson's salary increase could not be covered at the present session.

Condon added that he was certain the matter could be taken care of at the January 1951 session with an "urgency clause" attached.

On April 3 the county supervisors passed a resolution asking the legislature to increase Wilson's salary from \$7,596 to \$8,100 annually, effective January 2.

Wilson, however, immediately announced he would not seek the raise at the special session because he considered the supervisors' action "too little too late."

He charged them with "political discrimination" in not requesting a larger increase to bring his salary near the level of similar positions in other heavily populated counties.

Orindans Attend Sunrise Service

The Easter Sunrise service held by the Orinda Pilgrim Fellowship was well attended by many Orindans who rose at 7:00 for the early service.

Jim Hall's trumpet announced the beginning of the service. The call to worship was read by Steve Barden, and a responsive reading was read by Bob Diehl. Following this Carl Drews read the scripture. A trumpet solo "The Lord's Prayer" was played by Jim Hall. The Reading "The Meaning of Easter" was given by Catharine Monroe and Judy Hall. This was followed by a prayer by Naomi Pettengill. The service was closed by a benediction given by Ann Ward.

After the service the P. F.'ers went to the home of their leaders, Fred and Mildred Twining, for an Easter breakfast prepared by Mrs. Twining and Mrs. Ernest Drews. Attending the breakfast were: Catharine Monroe, Jim Hall, Naomi Pettengill, Ann Ward, Carl Drews, Joe Conley, Don Reid, Dave Hupp, Bob Diehl and Judy Hall.

The Fellowship will resume its regular meeting Sunday with the service conducted by Tom Morris's committee sponsored by Mr. and Mrs. Joe Conley.

Our Hat Is Off To All Orindans

Take your hat off to Orinda. Despite sewer assessments, county taxes and income taxes, Mr. and Mrs. Orinda dug down deep for the annual Red Cross drive.

Orindans oversubscribed their quota by \$1,841. Total amount donated to date is \$5,641.31. This is the best record of any community in the local chapter.

And in turn hats off to Mrs. Robert Bennett and her captains, lieutenants and workers who every year do such a magnificent job for the Red Cross.

Orinda Weather Seems Undecided

Rain seems to have been the dominating influence in Orinda weather last week, interspersed with several half-and-half days when the weatherman seemed undecided on what to pull out of his bag of tricks next. 1.94 inches of dampness was measured last week, and when it gets deep enough to measure, it's past the fog stage, brethren, that's rain!

The present rainfall total is 26.76 inches, exceeding the rainfall of last year at this date. A maximum temperature of 68 degrees and the minimum reading of 32 degrees, both on the 11th, were the high and low extremes during the week of April 5 to 11 inclusive.

Underwriters Recommend New Fire Station

Plans for a second fire station for Orinda will be drawn up just as soon as the County Supervisors grant permission for the Fire District to accept Federal funds for an architect's survey of a construction program.

The request will be presented to the supervisors at their meeting next Monday by the Orinda Fire District's board of commissioners.

Construction of the second station has been urged by the Board of Fire Underwriters of the Pacific in connection with a re-survey of the district which might bring a lowering of fire insurance rates.

SITE CHOSEN

The board already has an option on a location for the proposed fire station. A two-acre site owned by the East Bay Municipal Utilities District at Moraga Highway and Orchard Road has been selected as the new location, according to Commissioner Gilbert Earl.

If the supervisors' permission is granted the architectural survey will begin immediately.

Purchase of the property and construction of the station depend on the survey because commissioners have indicated they want plenty of time to work out the best method of financing the station before any of the work is begun.

LONGTIME LOAN

Under provisions of the Federal aid the government will advance all architectural and drafting fees necessary on a longtime loan to be paid back after the new building is financed.

The Federal aid is part of a new governmental program to set up surveys of public construction in advance of time they are needed in anticipation of a possible period of widespread unemployment. In case of such a recession plans would be available for immediate public works program without delay caused by planning needs.

In keeping with other recommendations by the Board of Underwriters Orinda's commissioners have asked East Bay MUD for a complete report on water supply available at any moment in the area and are studying proposals for installation of a fire alarm box system.

SAFETY REQUEST

High on its priority list is a request for safety installations at the Orinda Crossroads, to protect fire trucks which must cross Mt. Diablo Boulevard on emergency runs.

Two suggestions are being studied before the state highway department is contacted for action. One would call for installation of a siren at the Crossroads similar to the one in service at the Moraga Road-Mt. Diablo Boulevard intersection in Lafayette. The other suggestion calls for a remote control switch for the Crossroads automatic signals to be installed in the Orinda Fire Station.

Need for added safety factors was accentuated two months ago when an Orinda fire truck was struck at the intersection while answering an emergency call.

Dramateurs Start Play Rehearsals

The Orinda Dramateurs are busy once more with another comedy production.

Rehearsals are underway for "Two Blind Mice" a comedy dealing with the confusion which results when a "misplaced government bureau" continues to operate four years after it was officially disbanded.

Mona English and Mrs. Fred S. Williams are starred as the two sweet old ladies in charge of the Bureau of Medicinal Herbs.

Fred Rundle, a newcomer to the Dramateurs, is featured in the male lead.

The large cast includes George Vurek, C. Kleiser, Karen Norwood, Jeanette Wright, A. Johns, Frank Wright, Fred Williams, Bill Hanley, Keen Pettengill, Dale Bower and A. Blalock.

Eddie O'Brien is in charge of direction for the third time.

Farewell Party Honors Martins

A farewell party for Rev. and Mrs. Haven Martin was given by Mr. and Mrs. Chris Indridson at their new home in Pleasant Hills Friday night.

The Martins are moving to Westwood, California.

Guests were Mesdames and Messrs. Karl Pape, Walter Rugh, Clarence Crooks from Albany, Virgil McCall, Ben Dathie, Haven Martin and Beverly Fisher and Harry Gorman.

JC Official to Speak At Acalanes Career Day

Career Day at Acalanes Union High School will be Thursday, April 27. There will be an assembly with Graham Sullivan from Contra Costa Junior College as speaker, and in the afternoon each student will go to two sections of his or her choice to hear speakers covering 30 different occupations.

Did you see that wreck? Man killed. Yes, drive slowly — the life you save may be your own.

Acalanes to Hold Open House

This year Public School Week is from April 24 to April 28. Acalanes High School will hold open house, sponsored jointly by the school and the Parent's Club April 24 at 8 p.m.

The program will begin with a Parents' Club meeting followed by the student program which includes a band concert, a modern dance based on American folk music by Burl Ives, a boys' glee club presentation and classroom visits.

Acalanes Goes Pan American Today

The Spanish students of Acalanes are celebrating Pan American Day today. The entire week has been taken up with Pan American Day events in the classes. The aim of this celebration is to emphasize the elements that make up the slogan of the Pan American Union, Peace, Security, Cooperation, and to seek to strengthen the ideals of justice and good faith on which our continental solidarity in the western hemisphere is based.

UNITY, FRIENDSHIP

Pan American Day is the only occasion in the entire year when the peoples of the Americas join together in one vast celebration commemorating the unity and friendship of the American states.

On this day community leaders and educators are called upon to arrange programs which can effectively bring about a closer understanding among the citizens of all American republics. Acalanes students, headed by the Honorary Spanish Society and the Spanish classes are happy and eager to do their part.

Through classroom discussion on Pan American unity and cooperation, through hall decorations which include flags and pictures of the South American republics and a show-case exhibit which shows some of the arts and crafts of these colorful and interesting republics to the south of us, and a speaker, Andy Blalock of Orinda, editor of the Orinda News, who spoke before the Spanish Honorary Society and its guests Wednesday, April 12, the Acalanes students will be offered a way to learn more about our neighbors.

The hall decorations are under the supervision of Sue Tomer, social secretary of the Honorary Spanish Society, and the art exhibit was a contribution of Spanish students who have already had the good fortune to travel the highway of understanding between the United States and some of our Latin American neighbors.

Human Behavior Classes Open

Contra Costa County Mental Health Society will again sponsor the evening school course for adults, "Human Behavior, a Guide to Mental Health for Every Day Living," President Harlan H. Lewis announced today.

The course will be held weekly for 13 weeks in Room 106 of Acalanes Union High School from 7:30 to 10 p.m. Lectures by Robert Feldman, plus discussion and films, will develop the principles of mental health as applied to personal, family and group problems.

Although registration is open to anyone interested, the class will be limited to 25 members. The registration fee is \$1.

ACCIDENTS AT NIGHT

In spite of the fact that highway traffic falls off after dark, three out of five motor vehicle deaths still happen at night, warns the National Automobile Club. The wise motorist compensates for decreased visibility by using increased caution. When the sun goes down, he slows down and keeps himself safe.

Hill and Dale Dine, Dance at Country Club

Several hundred members and guests of Hill and Dale gathered at Orinda Country Club April 1 for the first formal dinner and dance of the season, with many proceeding to the evening festivities from cocktail parties held at the homes of many of the members.

Among those couples who were hosts to groups of friends were Messrs. and Mesdames Willard Miller, Theodore Lassagne, James Sharp, Thomas Rodger, Peter Radcliffe, Edgar Stewart, Irving Kraemer, William Fleager, Glen Logan, Dan Sheldon, Willard Miller, Jack Jansse, Quentin Reynolds, John Loop William Judge and Dr. and Mrs. Clifford Johnson.

The Hill and Dale committee working on arrangements for the affair was Messrs. and Mesdames Oliver Meek, Ritchie Smith, William Babcock, William Fleager and Dr. and Mrs. Dana Hamlin.

Commuters Seek Letters of Support

The Contra Costa Commuters' Association this week asked for letters of representation from all civic groups in the area.

"Final hearing on Greyhound's request for rate increases will be held April 26-28," Ken Spoon, group vice-president, said "and it will bolster our case tremendously to have letters from groups such as improvement associations backing our stand in opposing the increase."

LETTERS VALUABLE

"The Public Utilities Commission treats the letters of representation just as if the groups were present. Of course, it would be better to have the groups represented but if that is not possible, the letters are the next best thing."

The letters should be addressed to the PUC authorizing the commuter group to represent the writers. They should be in the hands of the Commuters Association by the end of next week.

First hearings on the increase request were conducted April 6 and 10.

At the hearings Pacific Greyhound presented figures to show that it is now losing more than \$80,000 a year transporting an average of 474 Contra Costa County commuters and next year, according to F. W. Ackerman, company president, Greyhound anticipates an annual loss of \$143,700.

SMALL CUT IN LOSS

Questioned by Spurgeon Avakian, rate attorney for the commuters, Ackerman said that the commuter fare increase would cut the deficit by only \$7,000 annually.

Ackerman told the PUC that Greyhound would need further fare increases besides the one requested if it is to break even on Contra Costa operations.

Greyhound figures on operating costs given the PUC were questioned by the commuters' board of directors at a meeting Monday night at Acalanes High School.

Emmit Samon analyzed the figures for the commuter group and questioned in particular maintenance and garage expenses listed at \$169,000 annually for the Contra Costa service.

"I believe these totals will bear looking into," Samon said, "we should most certainly ask a closer check by the PUC. The maintenance and repairs are almost equal to the total value of the buses on our county run."

Samon also said he believed Greyhound figures of \$55,400 for insurance and safety expense in the county should be checked for a complete breakdown of expenditures.

In reporting on the hearings of April 6 and 10 Samon said that the PUC arrived at four excellent conclusions — that Greyhound should exercise closer control on loads, that the company should review schedules of running times, investigate the possibility of turn back service for the best complete use of buses on hand, and accept greater responsibility for maintaining an accurate schedule.

Wives of committee members will act as chaperones.

Girl Scout Leaders Meet At Walnut Creek Church

Girl Scouts Leaders Association met Thursday at the Walnut Creek Presbyterian Church. Association director, Mrs. Marion Conklin, led a round table discussion on "Progression in Scouting."

The discussion was of great interest to both Brownie and Intermediate leaders, and showed the difference in the type of scouting for girls of various ages.

Art Exhibit Opens Sunday

The Diablo Art Association "Collectors' Exhibit" will be previewed Sunday evening from 7 to 10 p.m. at Jelletts' Art Gallery.

Main feature of the exhibit will be the Forrest Englehart Collection from Alamo, along with other art treasures owned by Central Contra Costa County collectors.

Included in the exhibit will be "old masters" such as Rembrandt, Millet, Luks, Vlaminck, Grosz, Innes and Forrain.

Contemporary artists to be represented include John Carroll, Alexander Brooke, Frederick Taubes, Millard Sheets and Eugene Speicher.

An admission charge of \$1 will be made. Tickets may be obtained from the ticket committee chairman, Marjorie Perry, and at the Lytle Company, Walnut Creek.

Evening's entertainment will include a program and refreshments. All proceeds will go for

ACCIDENTS COST

During the calendar year 1949, motor vehicle accidents cost every man, woman and child in the United States an estimated \$19.

Camera Contest Winners Named

Challiss Gore took first, third and fourth places in advanced competition at the fourth quarterly contest of the Contra Costa Camera Club held at Acalanes High School.

Other winners in advanced classes were Ben Randall, second; and Guy Spencer, fifth.

In the beginner's class first and fourth place was won by Jerry Fender, with H. Flanders, third and C. P. McVicker, fifth.

Field Trials Set for Sunday

The Northern California Field Trial Club will hold a practice field trial for springer spaniels and cocker spaniels on Sunday.

It will take place on Parr-Terminal property near the bay at 10 a.m., according to Mrs. Juanita Waite. For explicit directions on the location, interested persons are asked to call Mrs. Waite at Lafayette 4729.

Report From Sacramento

By **ASSEMBLYMAN
ROBERT L. CONDON**

Tobacco taxes and horseracing were the major items in the legislative news last week. And debate on the subjects kept the legislature in session longer than anticipated. Adjournment will probably come the middle of this week.

TOBACCO TAX: The schools estimate their needs for the next fiscal year at approximately 30 million dollars more than was included in the budget. Although there is a surplus of 75 million dollars in the so-called "rainy day" fund, the governor refuses to use this money.

Accordingly, the school lobbyists proposed a tax of three cents a package on cigarettes and 15 per cent on other tobacco products. After much legislative jockeying—one assembly committee killed the tax and another restored it—the school bill finally passed the lower house with the tax provisions intact.

The experts, however, believe that the Senate will make a change in the allotments of monies gained from the tax, with one-third going to the counties for pensions and two-thirds for education. Passage of the tax was a defeat for the labor representatives who opposed it.

PARIMUTUEL BETTING: The District Court of Appeals recently held unconstitutional California's horse racing legislation authorizing parimutuel wagering at race tracks. The reason for the decision was that the legislature had unlawfully delegated authority to the three man Racing Commis-

sion without setting proper standards for Commission action.

Accordingly, a hastily-drawn measure was introduced by Assemblyman Maloney of San Francisco, purporting to reverse the Court's decision if it should become final. In two days this bill cleared an Assembly committee, the Assembly and a Senate committee.

A reexamination of the racing law at the next session of the Legislature seems in order. Many members feel that the state's revenue from betting should not be earmarked, as at present, for county fairs; that Santa Anita has become too powerful under present law; and that a long legislative look should be taken at the ponies.

MISCELLANY: The County Board of Supervisors recommended a \$500 annual salary increase for Superintendent of Schools B. O. Wilson. This would require action by the legislature since such salaries are set by the state. The increase, objected to by Wilson as insufficient, cannot become effective until sometime in September, 1951, 90 days after the final adjournment of the regular '51 session.

The opponents of world government successfully rescinded the resolution passed at the '49 session at the request of the United World Federalists. The vote was 42 to 35. . . . All relief and pension liberalization bogged down in Senate committees. Best bet seems to be that the only significant action to be taken will be some lessening of the responsibility of relatives to contribute to the support of the aged.

Captain Sandford Sez:

AS A REAL SCOTSMAN, born and reared in Scotland, I find this advertisement in a San Francisco newspaper a wee bit hard to understand. "Harris Tweed, this famous fabric, is hand woven on the Isle of Man on the Irish Sea." Now I just wonder what the hardy crofters who live on the rugged island of Harris, off the north coast of Scotland would say to that one. These crofters raise the sheep, shear the wool, spin the yarn and dye it and finally weave it into beautiful Harris Tweed.

I kinda think may be this advertisement was written by the same Irishman who once said, "I met ye last night and you weren't there, and so I'll meet ye tomorrow night, Bejeebers, whether you are there or not!"

PROSPECT TO REAL ESTATE salesman: "I like this property very much indeed; and I will buy it as soon as I sell my home in Oshkosh."

Salesman to Prospect: "Fine. I also am going to purchase a beautiful place on the 17 Mile Drive at Monterey if and when I win the Irish Sweepstakes."

Double page advertisement in the Saturday Evening Post: "RAGING ISLAND—RAGING PASSIONS—The Star, Bergman, under the inspired direction of Rossellini. . . ." Some of these Hollywood buzzards express themselves more dramatically than we more normal types.

Again Spring is here. The green grass, the buds, the blossoms, the flowers and the birds and beautiful Mount Diablo . . . how many of us make any effort to realize just how much we lucky people have to be thankful for? Good-bye now.

New Elks Club To Get Charter

The Walnut Creek Elks Club will hold Charter Night at the Veterans Memorial Hall May 13.

Elmer Hansen, acting secretary for the club in formation, said this week that the charter will be granted at that time and installation ceremonies will be held.

Hansen said anyone initiated at the charter meeting will become a charter member. Applications, which include initiation fees and annual dues of \$20, will total \$50.

Applications may be mailed to Elmer Hansen, P. O. Box 1194, Walnut Creek.

Red Cross Drive Goes Over Top

Another thousand dollars has been added to the 1950 Fund of the Mt. Diablo Chapter, American National Red Cross, during the first week of the extended drive, for a total reported on April 7 of \$14,349.66, an increase of 14 per cent over the original goal of \$12,500. Pete Rinehart, drive chairman, announced today.

As workers go into the last districts to be covered, it is anticipated that another thousand dollars will be registered by the close of the campaign Saturday.

Already this year's report is within less than \$300 of the record breaking 1949 total of \$14,646.97 and those in charge, who have been striving to outdistance this sum, are confident that final reports of next week will show that that has been accomplished.

Walnut Creek Vehicle Office Asked by C of C

Establishment of an office of the Motor Vehicles Department part-time office in Walnut Creek is not possible at the present time due to lack of funds and personnel, according to Paul Mason, head of the state license bureau.

R. W. "Pete" Rinehart, Vance Perry and Terence Ring of the Walnut Creek Chamber of Commerce, conferred with Mason in Sacramento April 1 to request the office.

Mason told the chamber committee he recognized the need of a branch office in Walnut Creek but cannot take any action on the request at the present time.

Committee Will Survey Moraga School District

Moraga School District will be the subject of the first study to be undertaken by the School District Organization Committee of Contra Costa County, Chairman O. J. Wohlgenuth of Walnut Creek announced this week.

Upon instruction by the committee, County Superintendent B. O. Wilson will arrange a community meeting at Moraga. The meeting is tentatively set for May 4 at 8 p.m. at the school.

The committee took action after receiving a petition signed by trustees and other residents of the district requesting a survey of the district's educational needs and facilities.

Chairman Wohlgenuth appointed a sub-committee on the survey, composed of himself, Gerould Gill of Marsh Creek and Jack Wendt of Walnut Creek.

State Finances More Vet Homes

A total of 20,152 homes in 55 California counties were being financed for veterans at low cost under the State's self-sustaining Farm and Home Purchase Program at the end of 1949, Director of Veterans Affairs D. J. Callaghan, Jr., reported today. The figure is about 25 percent higher than it was a year earlier.

The aggregate contract price on these homes was \$120,319,138. This amount, Callaghan explained, is what the State has advanced to the home-buying veterans. They pay it back in monthly installments, with interest currently computed at 3 percent. The interest covers the entire cost of operating the program, which thus involves no expense to the taxpayers of the state.

In Contra Costa County there were 451 State home purchase contracts active as of last December 31st, compared with 402 at the end of 1948.

Group Lists Cost Of County Relief

Contra Costa County's share of all the aid paid to the needy in the county during February, 1950, totaled \$139,173 which was 26 per cent of the \$526,183 total aid payments in the county for the month, California Taxpayers' Association reported today. State share for the month was \$236,562 or 45 per cent and federal share \$150,448 or 29 per cent. Aid to the aged, blind, dependent children, and general county indigents is included.

For December, 1948, the last month before the changes in financing aid to the aged resulting from Proposition No. 4, the county's share of aid to the needy amounted to \$96,081 which was 38 per cent of total relief payments in the county of \$252,356 during the month. Cost to the state was \$81,797 or 32 per cent and to the federal government \$74,478 or 30 per cent.

For January, 1949, the county's share of the cost of aid paid dipped to \$103,108 which was 35 per cent of a total aid bill of \$291,781. Since then, the total cost of aid has been steadily going upward. State share for January, 1949, was \$110,882 or 38 per cent and the federal share was \$77,791 or 27 per cent.

Belon to Head Safety Campaign

Highway Patrol Captain George A. Belon will head the Green Cross Fund Campaign of the Contra Costa Safety Council, President Leslie Hackley announced today.

"Captain Belon has been head of the Highway Patrol in this county for a good many years and is vitally interested in the cause of safety," Hackley said. "We feel deeply obligated to him for his willingness to give his time and effort toward raising funds for safety worker in this county."

The campaign, with a goal of \$30,000, will begin officially May 1 and will cover all areas of the county except El Cerrito and Richmond, which are under the jurisdiction of the East Bay Chapter of the National Safety Council. Committees are being organized to work in each community under Belon's guidance.

All funds raised will be used to initiate safety education and accident prevention programs throughout Contra Costa County.

Authority Says Double Sessions Rob Children of Their Education Rights

By **RICHMOND BARBOUR, Ph. D.**
 Child Guidance Counselor, Sponsored by the California Congress of Parents and Teachers.
 (copyright 1950 for the Oakland Tribune)

Here's more news about "double session" schools. You know double sessions? They are that two-shift arrangement by which twice as many kids get crammed into a school building as we'd normally educate there.

One shift attends from 8 to 12, another from 12:30 to 4:30. The kids' studies are limited to the barest essentials, and even the essentials are compressed. Creative activities in art and music or physical education usually are dropped. Club activities of all sorts are restricted. Nothing is adequate in a double session school.

For years I've hated this double session arrangement. Three of the Barbour offspring are among the millions of double-session kids in this country, so I've a personal interest.

SCHOOL BOARD APATHY

Also I've been angered by what seems to be a do-nothing attitude on the part of some school boards and school superintendents. Some officials accept these double session schools as inevitable. They seem to think they are like "acts

of God," about which they can do nothing. That is a heck of an attitude for responsible school officials to adopt. Believe me we haven't that attitude where I work!

Here's the news. Some research people at a great university have been trying to find out just how badly our double session kids are being short changed. And they've found it is even worse than we'd previously thought.

Other earlier studies indicated no loss in the three R's but real losses in the arts, sciences, extra-curricular activities and play opportunities.

THREE R'S LOSE

Now on further study, the university scholars find that double session kids don't accomplish as much as single session kids in reading, writing, spelling and arithmetic. Not even when they spend as many minutes on each subject each day as the single session ones.

Conclusion? Our double session boys and girls are getting a little bit farther behind every day in all subjects, in every aspect of education. Every parent of every double session pupil should know that.

Recommendation? Just one. Build more school buildings pronto!

Letters to the Editor

DEAR SIR,

This is in reply to your letter of recent date.

This week I voted in favor of the legislation you mention.

I hope the passage of these measures will make the enforcement of our present laws easier and more effective.

Very truly yours,
GEORGE MILLER, Jr.
 State Senator

(The above letter was received in reply to a letter urging passage of anti-slot machine bills which were then pending in the State Legislature. Editor's Note).

Dear Sir:

I wish to express to the people of Contra Costa County and my brother attorneys my deep appreciation and thanks for returning me to the office of District Attorney.

Thank you; I am most grateful. I hope and pray that through my efforts and work in the office of District Attorney, I shall merit your continued confidence.

FRANCIS W. COLLINS,
 District Attorney
 Contra Costa County

Dear Sir:

Through the news columns of your newspaper, we'd like to express our deep and sincere thanks to the readers of the SUN for their individual and collective contributions to the 1950 March of Dimes.

Upon the cooperation of the SUN largely rests whatever success we have in Lafayette. Therefore in behalf of Contra Costa Chapter, National Foundation for Infantile Paralysis, we gratefully "Thank You."

Each time the SUN carries the

message of the need of polio victims into the homes of your readers, some little stricken child will have a better chance of walking again.

With kindest personal wishes I am,

Sincerely,

BILL SCANLON
 County Campaign
 Director.

Vet Exemption Deadline Nears

Any veteran property-owner in Contra Costa County who has not yet made application this year for the constitutional tax exemption on \$1,000 worth of his property should do so without delay.

This advice is offered jointly by J. W. Hammond, Veterans Service Officers, and by Justin Randall, County Assessor.

"Last year," they said "there were 13,000 exemptions granted to veterans. The filing period this year opened on March 6th, and thus far only approximately 6,000 have applied. It is true that they have until May 29th to do so, but waiting until the last minute means, at best, having to stand in line; at worst, it means risking losing out on this very substantial benefit."

The State Constitution provides the exemption for veterans whose property does not exceed \$5,000 in value. The exemption must be applied for each year. Veterans applying for the first time at their present address must bring proof of veteran status, such as a copy of their discharge.

"If you can't make it yourself during business hours," the two officials advise, "send your wife. A 1949 State law permits the spouse to file."

X-Ray Unit Keeps Busy

A total of 4,188 free chest x-rays were taken by the portable unit during the month of March, according to Ethel Frances Murray, R. N., Executive Secretary of the Contra Costa Public Health Association.

This program to discover early unknown cases of tuberculosis, heart and other lung diseases is financed jointly by the 2 Health Department and the Public Health Association which uses Christmas Seal money for its share.

Catholics to Celebrate First Mass Centenary

Another important centennial milestone in California's colorful history will be celebrated here next month with a Solemn Eucharistic Congress in observance of the 100th anniversary of the first Catholic Mass in Sacramento.

Catholics and non-Catholics from virtually every section of the state — including a delegation from Lafayette are expected to journey to Sacramento for the three day program, which will be held April 28th, 29th, and 30th.

If You Want Fine Tomatoes Follow A Few Simple Rules for Best Results

By BERT WRIGHT

It brings joy to the heart of any home gardener to be able to grow fine big yields of delicious tomatoes. Fresh from the garden, they add a tasty treat to any meal. And, they can be preserved for later use during the long winter months.

There are nine important points to remember if you want a good tomato crop. They are:

MAKE A FINE SEED BED — This will be comparatively simple if the ground is spaded when it can be easily crumbled with a slap of the spade. Usually a steel-toothed rake does the work very well, though many gardeners find the additional use of a hoe, prior to raking, very helpful. The important thing is to get a good lump-free seed bed.

USE ONLY GOOD STRONG PLANTS — A good plant is one that is 7 to 9 weeks old from seed, 8 to 12 inches tall, with a sturdy stem, and leaf spread equal to its height. Color is medium to dark green with purplish tinge. The stems and leaves are neither soft and sappy nor hard and woody.

PLANT WILT - RESISTANT VARIETIES — Improved Pearson,

Pritchard, Marglobe and Rutgers are good varieties and are resistant to Fusarium wilt.

SET OUT AS EARLY as weather will permit — For early tomatoes, set out the plants as soon as they will no longer be menaced by frost.

TRANSPLANT CAREFULLY — Set plants 2 or 3 inches deeper than they were in the pot or flat. Mix an amount of complete plant food equal to a level tablespoonful with the soil in the bottom of the hole, add one inch of soil and set out the plant. It is well to leave a depression of about 1 inch around the plant. Fill with water immediately after planting to help settle the soil around the plant's roots and to make the plant food quickly available.

SPACE CORRECTLY — In rows that are 48 inches apart, set plants at 42-inch intervals. If rows are narrower, make spacing between plants wider. Certain varieties will require somewhat more space so check this point with your grower.

CONTROL WEEDS — Get rid of weeds while they are small. Frequent shallow cultivation is needed. Pull or hoe out weeds in the row.

STAKE ONLY where space is limited — Where space is limited, staking is recommended because it permits more plants to be grown and thus increases the yield per area.

PERMIT THE FRUIT to ripen on the vine — Vine-ripened tomatoes look better and taste better than partially green tomatoes.

Where, because of lack of space or other reasons, gardeners wish to stake their plants, one good method is with a single-stake. Set into the ground next to each plant a strong stake 4 to 5 feet long. When plants start to branch,

Pear Growers Warned of Moth

Contra Costa pear growers were reminded today that the proper time to apply the first spray for codling moth is right after the blossoms have fallen off. Milton R. Bell, farm advisor in charge of horticulture, University of California Agricultural Extension Service is advising growers to use DDT for this purpose.

In the first spray, this insecticide should be applied at the rate of 1½ pounds of 50 per cent DDT wettable powder in 100 gallons of water.

A second spray should be applied 21 to 25 days later using the same material at the rate of 1 pound per 100 gallons, the farm advisor said.

Codling moth control is essential in both pear and apple production. Where this pest is not controlled a crop of worthless, wormy fruit usually results, Bell said.

Some pear orchards in Contra Costa county are also infested with almond mite. If they are present, a miticide should be combined with the DDT spray. There are several choices. For each 100 gallons of DDT spray, one of the following may be added:

Light - medium summer oil emulsion — 1½ gallons; DMC — 1½ pints; DN-11, ¾ pound; TEPP (tetraethyl pyrophosphate, 20 per cent) — ½ pint.

Bell cautioned growers that TEPP is very hazardous to the operator and urged that the manufacturer's cautions be strictly followed.

For further details growers may consult the Agricultural Extension Service at Cowell.

tie a strong cord firmly around the stake and loosely around the stem of the plant, just below each fruit cluster. Remove all secondary stems as soon as they appear.

For two-stem pruning proceed in the same way but let the first secondary stem that appears develop along with the main stem. Tie the two stems with the same cord.

Spring Flower Show Planned

Five weeks. Garden enthusiasts have that length of time to coax along their specialty blooms for entry in the Mt. Diablo Men's Garden Club Spring Flower Show.

The Show will be held May 13 and 14 in the Community Room of Coast Counties Gas and Electric Company, 1535 Bonanza Street, Walnut Creek. Both club and individual entries will be welcome.

The eight sections planned to cover 42 classes, will be judged by a competent panel. Winners will receive ribbon awards for percentage of perfection of the flowers or plants displayed, rather than on a competitive basis.

The previous show in the Community Room sponsored by the Garden Club was held in June, 1948, as part of the dedication ceremony for the then new Coast Counties Gas and Electric Company building. More than 2500 people viewed the hundreds of entries displayed during the two-day affair.

Sections to be judged will be under the following classifications, according to Show Chairman George H. Conner: Tuberous begonias; cut roses; cut iris; cut peonies; other cut flowers; California native plants; potted plants such as fuchsias, geraniums, etc., and flower arrangements of various types.

Further information on the Show may be obtained by calling Conner at Walnut Creek 6771. Committeemen assisting on the Garden Club Show are: Hoben Thomas, Charles Bowers, O. P. Erdahl, Peter F. Della-Bedowa, and J. W. Sandusky.

WHAT THE SMOKE MEANS

Color will identify the cause of the smoke coming from the exhaust of your car, declares the National Automobile Club. A bluish or gray smoke is traceable to an excess of oil getting past the piston rings. The black smoke means there is too much gasoline in the mixture.

EASEMENT, IN A PORTION OF PACIFIC GAS & ELECTRIC COMPANY PROPERTY described as follows: Being a strip of land 5 feet wide the center line of which is described as follows: Beginning on the west line of 8.5 acre parcel of land described as Parcel One in the deed recorded in Volume 828 of Official Records, page 139, distant thereon north 14° 07' east, 182.49 feet from the most westerly corner thereof; thence from said point of beginning north 17° 01' west, 47.08 feet; thence north 0° 33' west, 83.91 feet; thence north 55° 41' west, 324.82 feet; thence north 29° 28' west, 366.35 feet; thence north 47° 17' west, 124.0 feet; thence north 40° 43' east, 76.57 feet to a point on a curve in the southern boundary of Lost Valley Drive from which point the radius bears north 0° 42' west, 110.00 feet.

The expense of said work and improvement hereinabove described in Section 1, Second, hereof, and on Sheets 2, 3, 4 and 6 shall also be chargeable upon said assessment district hereinafter established.

THIRD: The office of the Recorder referred to hereinabove is the office of the Recorder of the County of Contra Costa, State of California, and Official Records and file numbers hereinabove referred to are Official Records and file numbers of said Recorder. The letters M. H. and F. I. herein used refer to and mean Manhole and Flushing Inlet, respectively.

In the foregoing descriptions, the width of all easement described by reference to a center line is measured at right angles.

In the foregoing descriptions, wherever right of way, easement, street, or other public way is described wherein work is to be done, it is the intention that said work shall also be extended so as to connect the same with existing sewers or sewer work to be constructed nearest to said right of way, easement, street, or other public way, and at the point in said proposed work where a manhole, flushing inlet, or other construction is shown on said Plans and Specifications, unless otherwise shown thereon.

FOURTH: Said work shall include the refilling, compacting, and resurfacing of the trench in which said sewer and appurtenances are constructed.

SECTION 2. All said improvement and work shall be done of the sizes, dimensions, and materials and in the positions and locations and to the grades as shown upon, and all in accordance with, the Plans and Specifications therefor heretofore adopted by said District Board and now on file with the Secretary of said Board, which said Plans and Specifications are hereby referred to and made a part hereof by reference.

That the improvements herein described shall be constructed to the grades and elevations as shown on said plans and specifications which grades and elevations are hereby adopted and established as the official grades therefor, and all such work shall be done to the lines and grades as shown on such plans and specifications.

SECTION 3. That in the opinion of said Board, said work is of more than local or ordinary public benefit, and said Board hereby orders that the cost and expenses of said work and improvement shall be chargeable and charged upon a district, which district is hereby declared to be the district benefited by said work and improvement and which is to be assessed to pay the cost

and expenses thereof.

The exterior boundaries of said assessment district and the extent of the territory included therein are shown upon the map of said district and described in the description of said territory approved and adopted by said Board on the 6th day of April, 1950, and now on file in the office of the Secretary of said Board, to which map reference is hereby made for a particular description of said boundaries and the extent of said territory included therein to be so assessed; saving and excepting therefrom the area of all public streets and other public ways included therein.

There shall be paid out of the treasury of said Sanitary District and from the Sewer Construction Fund therein, the sum of \$32,000.00 toward the cost and expense of any and all of said work and improvement.

SECTION 4. That the proceedings for said work and improvement shall be had and taken under and in accordance with Division 7 of the Streets and Highways Code of the State of California. ("Improvement Act of 1911").

NOTICE IS HEREBY GIVEN that the Health Officer of said County of Contra Costa has recommended in writing to said Board that said proceedings for said work be instituted as a necessary health measure, and said Board heretofore ordered said recommendation spread upon the Minutes of said Board and by Resolution adopted by the affirmative vote of four-fifths of the members of said Board found and determined that such necessity exists.

SECTION 5. That serial bonds shall be issued pursuant to Part 5 of Division 7 of said Streets and Highways Code (Improvement Act of 1911) to represent the unpaid assessments of Twenty-Five Dollars (\$25.00) or over for the cost of said work, said bonds to bear interest at the rate of SIX PER CENT (6%) per annum, to extend for a period of nine (9) years from the second day of January next succeeding the next October 15th following their date, and to be payable in annual installments, the last installment thereof to mature nine (9) years from the second day of January next succeeding the next 15th day of October following their date, said bonds and the interest thereon to be payable as provided in said Code.

SECTION 6. That Thursday, the 25th day of April, 1950, at the hour of 8:00 o'clock, p.m., of said day, and at the meeting place of said Board, 1822 Mt. Diablo Boulevard, City of Walnut Creek, in the County of Contra Costa, State of California, be and the same are hereby fixed as the time and place, when and where any and all persons having any objection to the proposed work and improvement, the grades thereof, or to the extent of the district to be assessed, or all thereof, may appear before said Board and show cause why said proposed work should not be carried out in accordance with this Resolution of Intention, and may present written protest, not later than the hour hereinabove set for hearing, against the doing of said work, the grades thereof, or to the extent of the territory to be assessed to pay the cost and expenses thereof.

SECTION 7. That the Engineer of said District shall cause to be conspicuously posted along the line of said work and improvement, in the manner and form required by law, notices of the passage of this Resolution.

SECTION 8. That the Secretary of said Board shall certify to the passage of this Resolution and shall cause the same to be published twice, as required by law, in the Orinda Sun, a newspaper published and circulated within said District and hereby designated for that purpose by said Board.

SECTION 9. Said District Board does hereby direct its Secretary to mail notices of the adoption of this Resolution of Intention to all persons owning real property proposed to be assessed for the work herein described, whose names and addresses appeared on the last equalized assessment roll of the County of Contra Costa or as known to the Secretary, the contents of said notices and preparation and mailing to be as required by law.

PASSED AND ADOPTED by the DISTRICT BOARD OF CENTRAL CONTRA COSTA SANITARY DISTRICT of Contra Costa County, State of California, this 6th day of April, 1950, by the following called vote:

AYES: Members: Johnson, Toland, Cornwall, Wadsworth.

NOES: Members: none.

Kip Celebrates With Party at Tilden Park

Kip Farrington celebrated his fifth birthday April 6 with a jolly spring picnic luncheon in Tilden Park.

Enjoying all the treats and numerous rides on the merry-go-round were his friends John Riley, Bobbie Blue, Scotty Huntley, Paddy Howard, Robbie Spot, Bunkie Kahl, Bruce Wilkie, Bob Merriam, Marilyn Mirriam, Ricky Mirriam, Pat Blew and Susan Farrington.

Peter van Gillewue Holds Egg Hunt on Birthday

Peter van Gillewue invited friends to an Easter egg hunt and party refreshments to celebrate his seventh birthday on April 5.

His guests included his sister Sara, Donald Phelps, Dick Stark, Jimmy Gibbs, Kirk Long, Barden Wilmar, Jonathan Jensen, Johnny Walker, Robert Boyle, Tom Cooper, and Chatten Soule. Peter is the son of the Frank van Gillewues of Charles Hill Circle.

Candidates Look Toward Primary

All candidates for county offices are now on the record and are looking toward the June primaries, with the closing of official candidacy filings.

Greatest interest centers around the race for sheriff where four candidates are entered.

Sheriff James Long will be opposed for re-election by Major F. Slater of Pleasant Hills, Fred Nettles of Pacheco and John Miller.

LONG COMPETITION

Miller, former sheriff who preceded Long, was a surprise entry in the race. He filed his petition for sheriff just 15 minutes before the filings closed.

His entry into the race means that Long will have strong competition in his bid to retain office.

At the last minute competition also popped up for Robert Condon in his bid for reelection to the State Assembly. Leo Armstrong of El Cerrito crossfield on Republican and Democrat tickets to challenge Condon's seat.

Congressman George Miller is seeking reelection from the Sixth Congressional district, filing on both tickets.

George Miller, Jr., state senator from this district is running for Lieutenant-Governor, on cross filing.

NO COMPETITION

Eight county officers have no competition. They are: Francis W. Collins, district attorney; D. M. Teeter, county auditor; Ralph Cunningham, county recorder; Sam Boyd, tax collector; Clark Abbott, county coroner; Joseph W. Barkley, county surveyor; Raymond B. Johnson, public administrator; B. O. Wilson, superintendent of schools and Walter Paasch, county clerk.

Two men are seeking the treasurer's office, Robert H. Kinney and George Barkley. Justin A. Randall and James A. McMains have filed for county assessor.

In the third district Incumbent Ray S. Taylor has five competitors for his supervisor's post, Floyd Rains, Arnold Bjork, Thomas J. DeLacy, Archie A. Price and A. V. Price.

John Miller Will Run for Sheriff, Releases Opening Campaign Blast

John A. Miller, Sheriff of Contra Costa County from 1935 to 1943 today announced his intention to seek re-election to that office and outlined a three point program which he said he would follow.

He based his platform on a program of (1) "Lowering taxes, (2) elimination of gamblers and racketeers" and (3) a return to what he termed as "efficient management of the County's most important office."

His candidacy announcement stated:

"At the insistence of many friends and supporters, I have consented to again seek the office of Sheriff of Contra Costa County. I know what this decision means. I served as Sheriff of this County for eight important years, during the most difficult period this County has ever known.

APPROACH OF WAR

This was the period when war was approaching, when war came upon us, when we were faced with a great westward migration of people many of whom remained with us to become our friends and neighbors.

It was a time when labor was in the throes of organization, into a great American Federation of Labor and a great Congress of Industrial Organizations. Thru their combined efforts with industry our county made a national war production record.

I had a great deal of satisfaction in that I could overcome these problems — problems which no sheriff before or after had to contend with."

IMPROVEMENTS LISTED

Miller's announcement called attention to the fact that the major improvements undertaken within the sheriff's office, were completed during his tenure of office. He cited installation of the first teletype; the first one way and two way radio system; a new bureau of identification and what has become known as one of the nation's outstanding honor prison farms.

"During the last six months of my term as Sheriff the duties of the office were performed at a cost of \$61,000," he said. "The cost to run the office for the last six months of the year 1949 was over \$259,000.

"The unincorporated area, where most of the Sheriff's policing takes place, show a population increase of only slightly more than one third. I believe the people are entitled to know why the costs have zoomed to almost five times as much."

RACKETS MUST GO

Lashing out at what he termed "organized vice and gambling" Miller promised a strict cleanup of all areas under his jurisdiction, with particular attention to the area now known as "No Man's Land."

"Organized gambling and vice must go," he asserted. The racketeers who now have a foothold in this County must be eliminated and new ones must not be allowed to infiltrate."

Supplementing his record as record as Sheriff, Miller outlined his background as follows: Chairman of Richmond Park and Play-ground Commission for 13 years; President of the Richmond Red Cross Chapter for many years in the area that embraced El Cerrito, Kensington, San Pablo, Pinole and Hercules; Deputy Collector of Internal Revenue in this County for 10 years; Postmaster of Richmond 4 years; and Area Co-ordinator of Civilian Defense from the beginning to the end of World War II.

Miller is married, resides at 1801 Pine Street, Martinez.

JOHN A. MILLER
... Candidate for Sheriff

Nettles States Sheriff Platform

Fred Nettles of Pacheco, candidate for sheriff of Contra Costa County, opened his campaign this week with statement promising better law enforcement and organization of the sheriff's office.

Nettles said that he entered the race "Due to the fact that most of the people in Contra Costa County are so dissatisfied with the present law enforcement and invisible governing powers."

Included in his program is closer cooperation between Federal, State and local authorities for better law enforcement, rehabilitation of prisoners and alcoholics; exacting and careful screening of prisoners, and prison confinement for all sex offenders for the protection of children.

Nettles also pledged himself to work for establishment of county-wide youth centers for the prevention of juvenile delinquency and prompt, thorough investigation of all crimes.

County wide police protection and more frequent patrols, day and night, for outlying districts is promised by Nettles if elected.

Shattuck Will Speak at El Nido

Edward Shattuck, candidate for Attorney General, will speak at a breakfast at El Nido Restaurant at 8 o'clock Tuesday morning.

The public is invited to the breakfast meeting, which is sponsored by the combined Contra Costa Republican Club, the Republican Women's Club and the Republican Assembly.

In his race for office Shattuck has already gone on record pledging himself to break up organized crime throughout the state and "to restore prestige to the Attorney General's office which has been lost in recent years."

Shattuck has also been outspoken in his attack on the legalized gambling initiative, charging that organized crime syndicates are behind the measure.

"Any thinking attorney can see that this measure would put the state in legal partnership with the scum of the underworld, and I call on the public to join with me in a fight to defeat this gambler-state partnership," Shattuck declared recently.

No reservations are necessary for the meeting.

Classmates Gather For Patty Boehm's Birthday

Patty Boehm entertained her classmates in the second grade and neighborhood friends at a supper party on April 6, in honor of her eighth birthday.

The surprise gift of a spinet piano made this birthday an altogether memorable one for Patty, who is the daughter of the Arthur Boehms, of Orchard Road.

Home Movies Featured At Suzanne's Birthday

Suzanne Lindsay's eighth birthday was the occasion for a party at her home on Oak Drive last Saturday. Enjoying home movies and refreshments with her were Lynnie Ballard, Judy Ageno, Judith Hopkins, Martie DeMaeyer, Patty Boehm, Marilyn Daniels, Marjorie Lelos, Susan Henry, Julie Edelin, Donalee Kaiser, Louise Cianciarulo and Suzanne's sister Linda. Suzanne is the daughter of the James E. Lindsays.

New Dog Classes Scheduled for May

The Obedience Class of the Mt. Diablo Dog Training Club, held on Tuesday evenings at the Buena Vista School, is unable to accommodate new entries at this time.

The present series of classes will end May 2, with the awarding of certificates to those meriting the approval of a licensed obedience judge. Two educational films on obedience training will be shown at this session, following the competition.

A new series of classes will begin on the evening of May 16, at 8 o'clock at the Buena Vista School. Classes are open to the public, free of charge. Dogs of mixed breed are as welcome as purebred dogs.

Students Given Placement Tests

Prognosis tests are being given to grammar school students in the Alacanes district until April 18 under the direction of the high school counseling staff, according to Lee Russell, head Alacanes counselor.

Tests cover algebra and foreign languages. They are used as a counseling device to help place students into the best program for them in high school. The tests are not entrance requirements.

CHRISTIAN SCIENCE CHURCH

"If any man sin, we have an advocate with the Father, Jesus Christ the righteous" (1 John 2:1). This verse will be the Golden Text for the Christian Science Lesson-Sermon for Sunday, April 16, on the subject "Doctrine of Atonement."

Among the citations comprising the sermon will be the following:

The Bible: "And whiles I was speaking, and praying, and confessing my sin and the sin of my people Israel, and presenting my supplication before the Lord my God for the holy mountain of my God; Yea, whiles I was speaking in prayer, even the man Gabriel, whom I had seen in the vision at the beginning, being caused to fly swiftly, touched men about the time of the evening oblation. And he informed me, and talked with me, and said, O Daniel, I am now come forth to give thee skill and understanding" (Daniel 9:20-22).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Old Testament assigns to the angels, God's divine messengers, different offices. Michael's characteristic is spiritual strength. He leads the hosts of heaven against the power of Sin, Satan, and fights the holy wars. Gabriel has the more quiet task of imparting a sense of the ever-presence of ministering Love. These angels deliver us from the depths. Truth and Love come nearer in the hour of woe, when strong faith or spiritual strength wrestles and prevails through the understanding of God" (p. 566).

Pandora Chapter To Meet Monday

The April meeting of the Pandora Chapter of the Children's Home Society will be held at the home of Mrs. Frederick Crawshaw, 2 La Vuelta, at 12:30 on Monday the 17th. Mrs. Crawshaw will be assisted by Mrs. R. P. Rasmussen and Mrs. Harold W. Hawes.

The popular Pandora calico animals, always a sell-out, will be on sale today at the Bambi Chapter luncheon at Planter's Dock.

Mrs. Challis Gore, sewing committee, head assisted by members including Mesdames H. J. Frolich, J. H. Schwarck, Clarence Betz, Fred Repp and Robert F. Elder have been busy whipping up the animals for the past few weeks on a veritable assembly line basis where you either "sew or stuff."

WHAT THE SMOKE MEANS

Color will identify the cause of the smoke coming from the exhaust of your car, declares the National Automobile Club. A bluish or gray smoke is traceable to an excess of oil getting past the piston rings. The black smoke means there is too much gasoline in the mixture.

Drive Inn Cafe Changes Name

"Fresh of California" is the new name of the former Lee's Drive Inn on Mt. Diablo Boulevard.

It is now under the management of Larry and Helen Haines, who succeeded Erbie Lee who has moved East with his family because of illness.

In addition to fountain and car service, meals are now served in the patio and a special Sunday morning breakfast feature is planned.

Rev. Martin and Wife Honored With Party

Rev. and Mrs. Haven Martin of the Walnut Creek Methodist Church were honored by four different folk dance groups with a surprise folk dance party at Town Hall Tuesday night.

There were 91 guests present from the Circle 4, Do-Si-Do, Acalanes and Friends group.

Refreshments were served following the folk dances.

Irvine Estate Left to Grandson

Nine-year-old William Thornton White III, Newport Beach, will inherit almost the entire estate of his grandmother, Mrs. Katharine Brown Irvine who died April 2 at her Moraga ranch home.

In her will, Mrs. Irvine, widow of James Irvine, multi-millionaire California and Montana land owner, provided for creation of a trust fund, income from which is to go for the "education, support and maintenance" of her grandson. He

will receive the entire estate when he reaches the age of 21.

In the event of his death the estate will go to his father, William T. White, Jr., of Moraga.

First estimates of the estate's value were in the millions of dollars but the boy's father said Monday that inheritance and income taxes would cut it down to thousands.

At Mrs. Irvine's husband's death in 1947 he left her the bulk of his

FROM THE SIDELINES

By Coach Erwin Mattson

THE HOLLYWOOD STARS of the Pacific Coast Baseball League have caused a great deal of comment with the advent of a so called "new look" for baseball uniforms. Some comments have been favorable but the general consensus is on the negative side.

It remains to be seen how many, if any, other clubs will follow "suit."

THE NEW RAIMENT consists of lighter material with the pants being in the form of shorts rather than the conventional knickers.

The Hollywood team has tried them out in practice and have also used them in league play and as a matter of record came home with a resounding 8-5 win in their initial outing.

If the "new look" embarrassed anyone, it was the opposition and certainly not the Hollywood nine who proceeded to rap the ball to all corners of the park and scampered unhindered a good part of the time along the base paths.

THE UNIFORM IS CONSIDERED for warm weather use and is certainly a logical move. Comfort leads to better play and the conventional baseball suit of heavy flannel is certainly not conducive to feeling on a day when the thermometer is 90 or above.

IT IS RUMORED THAT the San Francisco Seals had some such innovation to spring on John Public but Hollywood beat them to the punch. It remains to be seen what will follow — but chances are that general adoption will take time. People in general resent and resist change.

My guess is that changes will come about gradually — the only thing certain is that Hollywood will more than pay for the extra uniforms with the added attendance of the curious at the gate.

A PRIME EXAMPLE of the time it takes for change is the example of the moulded basketball and it trials and tribulations in Contra Costa County.

Its adoption was first proposed in 1941 and it finally became the league bill in 1948.

The moulded ball has a truer about because it is so superior to what is now referred to as the old fashioned stitched ball.

The moulded ball has a truer constant bounce, never gets out of shape, is livelier and lasts many times as long as the leather ball.

It has gradually replaced the stitched ball completely and has dominated the field to such an extent that few stitched balls are now made. Despite its vastly superior qualifications, coaches and players were slow to make the

change and most looked upon the new creation as an intruder.

COACH CHARLES EATON of the track team tried two innovations in field events several years back. One trial was with the high jump where he installed boards for the takeoff area, the idea being to give a uniform firm take-off at all times. Whenever dirt is used it is a constant problem to keep a good solid surface.

Spikes constantly dig up the ground and it is either too soft or too hard and seldom "just right." The idea was used for a season but abandoned at County meet time when others wouldn't agree to its use.

It was a good idea and the jumpers liked it after trial attempts. Someday such an idea may well become generally accepted.

THE OTHER PLAN concerned the broad jump and involved the use of a much wider board than

allowed under present rules. The wide board was covered with white lime and a participant allowed to take off from anywhere on the board.

The main difference came in measuring. Under present rules measurement is from the front of the toe board. Under the reform rules the jumper was given credit for the full distance of his leap through space with the tape being applied at the marks made by his spikes.

Now if a jumper takes off six inches back he actually loses that distance as far as the record is concerned due to the method of measurement.

The new system gives a jump-

er full credit and allows him to concentrate on jumping rather than hitting as near the front of the toe board as possible. Better jumps result and fewer fouls which makes for better competition and more consistent performance.

This is a change which the jumpers like because it enables them to do their best and is a truer measurement of ability. The difficulty again lies in getting the coaches to experiment let alone change.

Orinda Church Influence Told

The many fields of influence of Orinda's Community Church were explained by Mrs. Lance Barden at the April 4 meeting of the Women's Guild at the home of Mrs. J. H. Schwarck.

After giving a brief history of the Community Church, Mrs. Barden said that in addition to making the Christian spirit felt in the community the mission of the church is world wide.

"Christianity is the only contemporary religion with a social consciousness," she said.

Lenten prayer devotions were led by Mrs. Arthur Bowman.

During the business meeting, conducted by Mrs. R. H. Phelps, chairman, Mrs. A. K. Harmon was selected as sewing chairman for Section 5.

New Sermon Series Begins

Beginning a new post-Easter series of sermons titled "Then What Happened?", Rev. Fred R. Morrow will speak on "The Abiding Presence" at the Sunday morning Service of Orinda Community Church at 11 o'clock. There will be vocal music by a trio from the choir, accompanied by Virginia Baker at the organ.

At 9:30 the Sunday school will resume after its Easter Day holiday, and at 7 o'clock in the evening high school age young people are planning to meet with their counsellors, Mr. and Mrs. F. N. Twining.

The largest number of people ever known to have gathered in Orinda were present at the Easter Services last Sunday, according to ushers who handled this record congregation.

Dinner To Honor League Champs

The Acalanes Dons, league basketball champs for 1949-50, will be guests of honor at a special American Legion dinner to be held in Lafayette Legion Hall April 19.

Dinner will begin at 6:30 p.m. followed by presentation of group pictures to each member of the championship team. Later in the evening motion pictures of the Tony Zale-Rocky Graziano fight will be shown.

Jim Shanks is Legion chairman in charge of plans assisted by Chet Howard, Bill Welch, John Thomas and Mel Nielsen.

Andy Ommundson Weds in Piedmont

A lattice work of camellias was used to decorate the Christian Missionary Alliance Church in Piedmont for the recent wedding of Ruth Slager, daughter of Mr. and Mrs. W. Post of Richmond Annex, to Andy Ommundson, son of Mr. and Mrs. C. Ommundson of Orchard Road, Orinda.

Rev. Roy Peterson officiated, assisted by Rev. Elsworth Krogstad from the First Assemblies Church, Oakland.

The bride, attired in traditional white satin with a short veil, carried a bridal bouquet of white spring flowers. Her attendants included Rose Marie McWilliams from San Lorenzo as maid of honor, and Beverly Looney of Alameda, and Betty Ommundson, sister of the groom, as bridesmaids. All were attired in pastel shades, with bouquets of pastel spring flowers.

Dave Obera of Lafayette acted as best man for the groom and the ushers were Loren Slager, brother of the bride and Bud Post, her half brother. Little Evelyn Joy Letter was flower girl and Nicky McIntosh was ring bearer.

A reception at the 20th Century Club in Berkeley for 300 guests followed the ceremony.

Following their honeymoon the young couple will make their home in Oakland.

This is the week we have put our creative genius to the test and have seen the bare bones of plot exposed—sans costume, sans scenery... no fair peeking.

Several ticket chairmen have held meetings over coffee and snails. Monday morning Mrs. Charles Blue briefed members of her committee for the Claremont-Monte Vista, Marsten Roads and Orinda Court area. Working with her are Mesdames Donald Anderson, John Ogden, Robert Spott, Alfred Duranty, Elaine Wirta, Donald Rankin, and Charles Wilson.

Mrs. A. M. Arrighi has already requested more tickets for her Moraga to Glorietta area. Mrs. T. M. Cooper's group met to discuss ticket selling Tuesday morning. Her committee which covers Charles Hill includes Mesdames J. McCutchan, Frank Soule, and Frank van Gillewe.

Orindan's Father Dies in Hospital

A farewell service was held for William A. Nettles at Little Chapel of the Flowers on Wednesday. Mr. Nettles, a resident of Berkeley, died in an Oakland hospital Monday.

Survivors include a daughter, Mrs. Alta E. Trenery, and a son, Samuel L. Nettles, both of Orinda; another son, Fred R. Nettles of Pacheco, who is a candidate for the Contra Costa County sheriff's office; two sisters, Mrs. Sadie Chambers of Billings, Montana, and Mrs. Julie Chambers of Bellflower, California; a brother, Ed Nettles of Santa Barbara; five grandchildren and one great grandchild.

A native of Missouri, he was 74 years of age.

Local Gardeners To Show Skills At Oakland Show

Among local entrants in "Pacifica," the California Spring Garden Show of 1950, who have been working diligently to prepare the sites allotted them for their exhibits at the Oakland Auditorium, and just as earnestly to prepare the flowers and shrubs they plan to use, are Orchard Nursery and Orinda Garden Club.

The show, scheduled to open to the public on April 21 following its invitational preview the night before, will have an eight day run. Its theme, "Pacifica," will be exemplified by the displays covering all types of garden and floral displays from the lands bordering on the Pacific.

PATIO EXHIBIT

Orchard Nursery has chosen an outdoor living room and patio exhibit with the brick walls and floors set off by shrubs and lawn, highlighted by striking displays of the new Fire Chief petunia, spring bulbs and flowering trees. The outdoor furniture will be from Jellett's, Jack Schneider revealed, especially chosen for its role to typify our California way of indoor-outdoor living.

Orinda Garden Club members have chosen the decor of a British Columbia garden for their display in the outdoor section of the show. Slate terraces will be set off by the formal arrangements combining vistas of lawn, ivy trees and prim boxwood hedges sparked by plantings of azaleas, English daisies, violas, delphinium and other blooms typical of their theme.

A croquet practice lawn will be one of the features of this exhibit, as will the original statue of the "Duck Baby" which graced the 1915 Panama-Pacific Exposition at San Francisco. Adding to the charm of the display, an antique iron Victorian tea table and two chairs will be used in the arrangements plan.

GARDEN CLUB HELPS

Those Garden Club members who are making almost 1000 square feet of the show their personal job these days are Mrs. Woodburn Lamb, who is chairman, Mrs. William Kilgo, Mrs. Lonie Bee, Mrs. Richard Breuner, Mrs. Richard Breuner, Mrs. Jeffress Rodwell, Mrs. Henry Gentry and Mrs. William Everts and Mrs. William Fleeger.

For the first time, the Orinda Club is entering exhibits in the flower arrangements classification, with members occupied in bringing their proposed entries to full perfection in time for this part of the project.

Stewart Wade, "Tiny" Hultman, Schneider and Ernest Wertheim, landscape architect from San Francisco, have been commuting to Oakland to get their outdoor site for the Orchard Nursery display prepared for the show, with the nurserymen's "spare" time devoted to nursing the garden stock they plan to use to full perfection.

Arts and Crafts Shown to Guild

Arts and crafts were demonstrated at the April 5 meeting of the Giftmakers section of the Womens Guild when it met at the home of Mrs. A. T. Styles, Aradilla Road.

Techniques for painting Dresden-like figurines were demonstrated by Mrs. Leona Hunn.

Mrs. Alice Brown showed the group the many uses of sewing machine attachments and many paintings of Orinda scenes were displayed by Mrs. Elizabeth Styles, local artist.

EASTER EGG HUNT

The Paul Slattery home on Overhill Road was the scene of great activity on Easter day when the John Slattery and Tom Slattery families, both from Berkeley, and the James Marshalls gathered there for an Easter egg hunt for the children, followed by brunch.

all Around ORINDA

WIITH THE ROUNDER

LAST SUNDAY WAS A GOOD EXAMPLE of why Orindans are the envy of most. Where else could you find a more beautiful day! Where else could you awaken to the sound of church chimes echoing through a tiny valley, the hills covered with a carpet of green, trees bursting into new foliage and bloom, flowers carpeting every garden! Where else the quiet contentment of an Easter Sunday away from the rush of city life! A fellow really appreciates Orinda on such days, and it's a fair bet that no one even thought of taxes, rough roads and school bonds.

NO WONDER GREYHOUND COMMUTERS are arguing a bit about paying increased rates. Standing in the rain through the winter waiting for a bus didn't tend to cement public relations with the transportation company. But it's little things that create more havoc than even that. Like the instance described recently by a woman commuter in a letter to the Commuter's Ass'n.

She had to stand on the bus all the way from Oakland to Orinda. That wasn't too bad—we understand it happens quite often. It was the reason for her having to stand that griped the lady with good reason. The seat she could have occupied was already filled—with a huge carton of flowers headed for Concord—for a 50 cent freight charge. Which would seem to belie that old axiom "flowers for every occasion."

GLORIETTA RESIDENTS were going to be darned if they would pay the bill for their sewer installations that seemed necessary if the Sanitary District did the work. They decided to get together and have a private contractor do the work for them and thereby—they hoped—save some money. Obviously weren't successful. Are now asking the district to take over, which it will.

IT HASN'T HAPPENED YET in Orinda. Maybe it's because of the superior quality of our fire fighters. And the Lafayette Fire Department claims it isn't their fault. The firefighters say the "error" was committed by the E.B.M.U.D.

Went a fire fighting out in Happy Valley, unlimbered their hose, hooked onto their water tanks and started splashing water. Just in case they needed it, another crew headed for the nearest fire hydrant, started to hook on with another hose. It was a good thing they didn't need the additional water, because the fittings on the hose just didn't match those on the hydrant. (East Bay MUD had just recently installed the wrong sized hydrant.)

ODDS AND ENDS AND ORINDANS: Jack Cummings took us to task for kidding about the county's method of filling up the ruts in our roads. Says any road engineer would know that the holes can't be paved or filled otherwise during the winter months. Mentioned that money should be available soon for Moraga and Orinda Highway repaving. . . . It was a big Easter for the Mike Murphys. Mike was home for his birthday and Lila met James Linn. Linn? He's the Chico High School music instructor who married daughter Sherry a couple of weeks ago. Mike, incidentally has received a transfer back to the East Bay, will become an Orindan again soon.

The Village campaign to beautify itself is progressing nicely—at each end that is. And both current efforts are the work of real estate people. As you enter the Village you can't help but notice Zoe Woolsey's work and perseverance. The cold winter laid her garden low, but a new one is started. And as you leave the Village you can't help noticing the terrific difference Hayden Bridwell made to his offices with a bit of planting, brick and paint.

That magic show at Acalanes tomorrow night, put on by the Lions, is something you shouldn't miss. One of our local business ladies learned that the other day. Was introduced to Steve Shepard, the magician—shook hands—practically collapsed with a set of false teeth in one hand, a half dollar in the other. . . . Higher education note: Sign on the Acalanes High Bulletin Board, "Rehearsals tonight."

SINCE SO MANY OF OUR LOCAL RESIDENTS are either Cal students, alumni, or profs, a great deal of interest has been centered over the so called "Loyalty Oath" controversy. Dave Coleman architectural student at Cal, has come up with a solution. Ran across it in a book the other day and offers it herewith:

Back in the Middle Ages, King Aragon demanded an oath of his subjects, to wit: "We, who are as good as you, swear to you, who are not better than we, to accept you as our king and sovereign lord, provided that you observe all our liberties and laws; but if not, then not." That ought to please both sides.

FATHER SEA-HORSE is a proud mother, and if that sounds goofy, blame nature, not the Rounder. For such is actually the case, according to those who should know, and it's proven up at Planter's Dock where you can see the doggoned things swimming around in a glass bowl. Also have a baby alligator (properly caged, of course) for you to see and to be seen by. That alligator has the most malevolent glare in its eyes the Rounder ever saw.

TIP TO ORINDA'S LADIES: When you do your shopping this summer in your shorts, be prepared to be cooled off a bit in the Orinda Store's produce department. Said department will be glassed in with an entrance door and an exit door. Inside the temperature will be way down and the air moist to keep your fruits and vegetables crisp and fresh. Unique, huh?

WATCH NEXT MONTH'S issue of The Camera magazine for a photo taken by Ben Randall. A prize winner.

AND GIRL SCOUT TROOP 39, undoubtedly intrigued by all the publicity received by Throckmartin Blalock, visited his abode yesterday to strike up an acquaintance. Also, we understand, met up with a lot of other birds of unusual description. Met Andy Blalock, too.
